

# YOU can be a HOMEOWNER!

**We put love into action-bringing people together to build homes, communities, and hope! *Join Us!***

## How We Make it Work

Habitat homes are made affordable because they are built by many volunteers and businesses working together with Habitat and our future homeowners.

Homes are sold to families at an affordable rate and fitted to the homeowner's circumstances.

## How You Qualify

- Show a real need of housing.
- Friends, family and you pitch in and give 500 hours of sweat equity working on your house.
- Household income may not exceed \$62,800 for a family of up to four, but may be higher for larger families.
- Ability to repay an affordable mortgage.
- Be a U.S. Citizen or permanent resident alien.

**Application Deadline is Friday,  
September 15 for our  
Princeton House Build.**

**The house application is now available at [www.localhabitat.org](http://www.localhabitat.org) or by calling the home office at (815) 434-2041. Just ask for a copy. Or stop by the Habitat ReStore in Peru to pick one up. Applications may be sent to Habitat for Humanity, 1011 Shooting Park Road, Peru, IL 61354.**
